Ronald E. McNair Scholar

PROFESSIONAL EXPERIENCE

Centers for Disease Control and Prevention, Atlanta, GA

May 2013-June 2014

National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP), Instructional Design ORISE Fellow

- Investigated and contributed to manuscripts describing strategies utilized by the Workforce Development and Capacity Building Team in meeting the NCHHSTP strategic plan goals for FY2013-2014 through programmatic efforts
- Assisted the NCHHSTP Health Literacy Workgroup in the review and modification public communication materials
- Developed after action reports on NCHHSTP workforce programs detailing program protocols, objectives, accomplishments and recommendations to improve future iterations of programs
- Led the development and coordination of the Employee Shadowing Program, a Center wide effort to promote the retention and promotion potential of full-time federal employees
- Coordinated and maintained the Scientific Writing and the Program Evaluation virtual trainings open to over 1,300 Atlanta-based employees, international, and domestic field-staff
- Developed, facilitated, and maintained the Branch Chief's Opportunities for Leadership Development Initiative (BOLD) program series for over 50 attendees regarding leading change and leading people within CDC to improve senior leadership efficiency and effectiveness
- Edited and consulted on the development and implementation of the online field staff training modules for Program Collaboration and Service Integration (PCSI) to improve the knowledge and educational delivery mechanisms for Federal field staff regarding policies and regulations for participant confidentiality in state run programs

Centers for Disease Control and Prevention, Atlanta, GA

May 2011-May 2013

Division of Cancer Prevention and Control (DCPC), Office of the Associate Director of Science, ORISE Fellow

- Coordinated a 140 person multi-partner and inter-Division American Journal of Public Health research supplement covering 40 health issues related to mortality among American Indians and Alaska Natives
- Investigated, wrote, and submitted for publication 3 cancer prevention and health promotion related manuscripts
- Collaborated, investigated, and wrote for publication a multi-partner intra-agency manuscript on American Indian and Alaska Native mortality in urban settings
- Presented research findings from manuscripts at various conferences across the United States and in South Korea

- Composed up-to-date information to the CDC cancer website related to factors that contribute to health disparities in cancer (http://www.cdc.gov/cancer/healthdisparities/basic_info/challenges.htm)
- Coordinated and promoted the DCPC Associate Director of Science Seminars

Avon Foundation for Women, Atlanta, GA

Sept 2010-May 2011

Thesis Project, Evaluator

- Evaluated the efficacy of patient navigation programs among 56 Avon Foundation funded patient navigation grantees
- Developed research instrument and study design to assess Avon Foundation funded patient navigation programs across the United States
- Conducted qualitative and quantitative data analysis using SPSS software
- Presented and proposed future directions to Avon Foundation for Women on evaluation findings
- Established a better understanding of navigation programming and potential ways to maximize access to breast care among breast cancer patients through patient navigation programming improvements for the field of Public Health

Emory University Department of Emergency Medicine, Grady Hospital, Atlanta, GA

Mar 2010-Apr 2011

Research Assistant II/Project Coordinator

- Provided administrative and writing support for all faculty book chapters, grant submissions, literature reviews, and manuscripts
- Trained and supervised a team of 38 research assistants in proper data collection protocol
- Contributed to faculty research article submissions by providing the methods and results sections
- Created and maintained study enrollment, management forms and databases
- Assessed and mediated quality control issues for departmental projects
- Conducted statistical analysis for departmental research studies using qualitative and quantitative methodology

Centers for Disease Control and Prevention, Atlanta, GA

May 2008-Aug 2008

American Indian Science and Engineering Intern

- Constructed internal and external HIV/AIDS and STD fact sheets for the Office of Health Disparities (Office of the Director)
- Evaluated current and past National Center programming for their connection with the social determinants of health
- Presented recommendations on improvements to National Center programming efforts in relation to addressing each social determinant of health as identified by the National Center
- Collaborated with several departments on prevention activities and funding related to HIV/AIDS
- Created the first internal and external informational document for the Tuskegee Program which gives health care services to decedents of the Syphilis Study at Tuskegee

Associated Students of Michigan State University, East Lansing, MI

Apr 2008-Apr 2009

External Vice-Chairperson

- Guided revision and implementation of the MSU Outside Speaker's policy, Academic Dishonesty Policy, Academic Calendar and Statement on Civility
- Facilitated student involvement within the University committees and respective colleges through recruitment to MSU governance committees
- Lobbied as student liaison to MSU at State and Federal levels for increased higher education funding
- Supervised the daily work of and managed payroll for two hired employees

Michigan State University Writing Center, East Lansing, MI

Aug 2006-Aug 2008

Undergraduate Writing Consultant

- Advised graduate and undergraduate students on writing processes
 - Helped develop dissertations, essays, graduate thesis, PowerPoint presentations, and résumés
 - Taught classes on writing development and plagiarism
 - Instructed English as a Second Language students
 - Instructed student athletes through Student Athlete Supportive Services (SASS)
-
